PHASE: A Senior Day Program of Poydras Home

WE'RE
HERE
FOR YOU

They are warmly welcomed into the Poydras Home lifestyle.

When a family member or other loved one needs daytime care and attention, Poydras Home is the answer. Our PHASE Senior Day Program offers the same welcoming embrace that full-time residents experience, creating a genuine sense of belonging. At the same time, PHASE provides medical and personal care supervision of the highest quality, delivered by highly trained professionals.

PHASE is open to people over age 60 who are in need of specialized care and companionship during the day due to physical limitations or memory support needs. Attendance can be as often as five days per week. Woven into the program and into Poydras Home itself is the strong belief that life should be as fun and fulfilling as possible at every age. That's why the New Orleans spirit of joie de vivre emanates from every porch, program and party. Good times, stimulating activities and treasured friendships lie ahead, at Poydras Home.

They feel at home immediately.

Each and every day, the picturesque grounds and historical architecture of Poydras Home welcome PHASE participants to a place that feels familiar and comfortable. Expanses of lawn flow into surrounding gardens where walking paths lead to inviting patios and porches. The entire setting is both friendly and relaxing.

Program participants enjoy the same amenities and activities as full-time residents—based, of course, on needs and preferences. Friendships blossom and thrive as staff, residents and day-program participants share the unique experience of becoming a part of Poydras Home.

FAMILIAR
FRIENDLY
SETTING

They enjoy personal choices and stimulating activities.

Men and women enrolled in PHASE can participate in a variety of well-designed programs conducted by licensed professionals. These include social activities, entertainment events and individualized exercise programs — the opportunities are many and there is great freedom to pick and choose whatever they prefer.

Program participants enjoy two nutritionally balanced meals prepared by an on-site executive chef and are also served two snacks. In a program that recognizes the importance of caring for mind, body and spirit, they can also enjoy the comfort of on-campus pastoral counseling.

They are treated with skill, respect and compassion.

One of the most important aspects of PHASE is the expertise that comes from being a Continuing Care Retirement Community with assisted living, nursing care and memory support programs. Poydras Home is a fully licensed nursing home, staffed with people who skillfully assist with a wide spectrum of needs including—but not limited to—personal care and administration of medications. The peace of mind this brings to their families is immeasurable.

THE LEVEL
OF CARE
YOU NEED

Find out more today. They're counting on you.

Why do so many families choose PHASE? Because they want their loved ones to enjoy the same kind of care they provide themselves, and they won't stop looking until they've found it. Be assured. It's here, at Poydras Home. Call today and learn what can happen when your family becomes a part of ours.
